

A BRIEF INTRODUCTION

Marenco International Trading is a US-registered company, owned and operated by Caribbean nationals. For over 20 years, since the founding year of 1993, we focused on exporting predominately industrial supplies and tools for our customers in the Caribbean and Latin America. We specialize in the procurement of most brands of electrical cable, electrical relays, pipes, valves, fittings, actuators, bearings, Caterpillar engine parts, pumps, motors, transformers, breakers, as well as chemicals and gases. Our sourcing is concentrated within, but not limited to, North America and Europe.

We are strategically placed to offer our customers prompt, efficient and competitive service in supplying their foreign purchasing needs. Our office/warehouse is located in the Miami area with access to original equipment manufacturers, leading distributors, a cluster of shipping companies, and the Port of Miami. Our low overhead model gives us a significant cost advantage over larger companies and this is a key source of our flexibility. Marenco provides excellent personalized service to all customers and makes customer satisfaction our top priority. **MARENCO** believes the best way to provide the highest quality of service, in every phase of business, is through dedicated employees working as a team.
